

Annex B – Good Specifications and Requirements

1. Equipment Condition and Warranty

- The successful bidder shall be responsible for supplying, delivering, and installing all-new, unused equipment.
- All supplied hardware must include a comprehensive warranty covering hardware defects for a minimum of one (1) year. Minor accessories valued under €100 (such as standard cables and connectors) are exempt from this formal warranty requirement.
- In the event of system incompatibility during installation or commissioning, the vendor shall accept returned items and provide suitable, alternative equipment of equal capability at no additional cost to the Court.

2. Scope of Supply and All-Inclusive Pricing

- The technical specifications outline the minimum required items. Bidders are permitted—and encouraged—to include any additional unlisted accessories or components necessary to achieve full installation and operational commissioning.
- Proposed pricing must be all-inclusive, covering equipment, delivery, labor, cabling, and complete installation services.
- All financial offers must be quoted exclusive of Value Added Tax (VAT).
- Bidders must submit proposals for the entire requirement (full lot). Partial bids will be deemed non-responsive and rejected.

3. Equivalent Brand and Model Policy

- Brand names and specific models referenced in the specifications are provided for informational and benchmark purposes only.
- Bidders are encouraged to offer equivalent or alternative brands and models—particularly where cost savings can be achieved—provided they ensure full technical compatibility with the ICJ’s existing infrastructure and maintain or improve current operational performance.

4. Site Visit

- Bidders are invited to attend a site inspection at the Peace Palace on **23 September 2026 at 10:30 AM (CEST)** to review the existing AV infrastructure prior to bid submission.

Location: Great Hall of Justice (courtroom)				
Category	Item	Quantity	Unit price	Total price
Main PA	Fohhn DLI-230 Dante steerable source speaker white	2
